

Major Initiative Thirteen:

This initiative focuses on improving the health and well-being of Veterans by emphasizing genomic medicine, access to care, and deployment health. The overall mission of VA's Office of Research and Development is to discover knowledge, develop VA researchers and health care leaders, and create innovations that advance health care for our Veterans and the Nation.

Description: This is a view of the systems, services, and organizations that support MI 13. The primary systems and services with respect to the scope of MI 13 are internal systems, all other non-VA agencies, systems and services are considered external.

Portfolio/Division: Health
