

Major Initiative (MI) Fourteen:

To fulfill our mission of caring for Veterans and their families, VA must develop a rational and data-driven strategic capital investment plan to close identified gaps between facilities' current conditions and Departmentwide standards. The gaps include access, utilization, space, facility condition, energy, safety, security, parking, privacy, and IT deficiencies.

Description: This is a view of the systems, services, and organizations that support MI 14. The primary systems and services with respect to the scope of MI 14 are internal systems, all other non-VA agencies, systems and services are considered external.

Portfolio/Division: Corporate
