

Major Initiative (MI) Seven:

The New Models of Health Care (NMOC) Initiative educates and empowers patients and their families to ensure a more holistic, Veteran-centered system, greatly improving access and coordination of care. The Initiative performs the following primary actions:

Preventive Care and Veteran Health Portals, Patient Alignment Care Team (PACT), Specialty Care, Women's Health, Expand Virtual "Real-Time" Medicine (Telehealth), Mobile Applications, Patient-Centered Care. This Initiative seeks to provide cutting-edge, non-traditional delivery of health care to Veterans. The Initiative has the potential to improve how Veterans receive care by offering alternatives to conventional treatment options and maintaining VA's strategic position as an innovative leader in the health industry.

Description: This is a view of the systems, services, and organizations that support MI 7. The primary systems and services with respect to the scope of MI 7 are internal systems, all other non-VA agencies, systems and services are considered external.

Portfolio/Division: Health
